Numbers with more than 100 zeros Ask Question Asked 5 years, 1 month ago Modified 5 years, 1 month ago

2 Use 100% when you are stating mathematical thought like statistics. Use "one hundred percent" when you are stating non-mathematical thought like a story.

24 Yes, the correct usage is that 100% increase is the same as a two-fold increase. The reason is that when using percentages we are referring to the difference ...

All of your variants are grammatically correct, and will be easily understood by native English speakers. The less than X is idiomatically identical to under X when referring to ...

relating to 100 years : marking or beginning a century, with the example "the centurial years 1600 and 1700". But there is a word that is widely used to indicate the range of ...

The flow rate increases 100-fold (one hundred-fold) Would be a more idiomatic way of saying this, however, the questioner asks specifically about the original phrasing. The ...

I am currently using the expression "~EUR100" to symbolically denote an approximate amount of one hundred euros. However, I'm not sure whether the symbol ~ followed by the ...

The statistical-sounding expression is no problem, but if you want to be formal in register, as your headline indicates, you should probably spell it out as "one hundred ...

If soap A kills 100% and soap B kills 99.99% of bacteria, the remaining amount of bacteria after applying A (0%) is infinitely smaller than the remaining amount of bacteria after ...
