How is Japan deploying 5G in ASEAN?

ASEAN. 2.1. Japan Japan's efforts to deploy 5G use are introduced Market scale, Spectrum management, Transition from 4G to 5G, National strategies for Nationwide 5G deployment, Utilizing Local 5G and Features of Japanese 5G model.

How should ASEAN members prepare for 5G?

Enhance the preparation of a solid foundation as well as a rich ecosystem determines the success of 5G before,during,and after deployment. ASEAN member states should proactively build the foundation early,the 5G ecosystem to greatly reduce obstacles and accelerate the commercialization of 5G later.

Which 5G bands will be auctioned at the upcoming ASEAN conference?

(The United States will provide additional details during the FCC's presentation at the upcoming ASEAN Conference on 5G Development.) the next auction will be 3500 MHz and 28 GHzbands,which are prime 5G bands.

Can ASEAN countries implement a pilot project on local 5G?

Since there is already an ASEAN country implementing a pilot project on Local 5G,sharing the case study from the perspective of project management would be an effective sharing of information,especially for AMS where Local 5G implementation is delayed. Table 2 shows the Potential Challenge and Capabilities when introducing LOCAL 5G.

The experimental 5G network in place uses 28 GHz ultra-high frequency broadband and includes a 20 Gbps download capacity, a 5G communications control center, and a 5G 3D-HD map ...

The Association of Southeast Asian Nations, or ASEAN, was established on 8 August 1967 in Bangkok, Thailand, with the signing of the ASEAN Declaration (Bangkok Declaration) by the ...
