What types of battery cabinets are available?

Tariff Relief. Up to 10% Protection. Battery cabinets from diverse manufacturers APC, Toshiba, CC Power, Eaton, Powerware, Mitsubishi, Narada, and Salicru. We stock new and used battery cabinets in support of our energy storage packages, ups backup systems and rental UPS. Speak to a power expert to match up with your specific requirements.

What is a battery cabinet?

A battery cabinet houses and protects the batteries that supply stored energy to a UPS system. It ensures that backup power is readily available whenever primary power is interrupted. Battery cabinets can be installed indoors or outdoors and are designed to provide secure, organized, and scalable energy storage for continuous power delivery.

What is the C20 rating of a battery?

To get a ballpark idea of the C20 rating of a battery, divide the CCA by 20. Example: A 1000CCA battery is roughly equivalent to at 50Ah battery. The C rating of a battery is the power capacity of a battery. Typically this is followed by a number (C100, C20, C10 or C5) indicating the number of hours this power must be spread across.
