---

Together, the Sturbridge and Carpenter Hill Power projects will deliver a combined 300 megawatts (MW) of energy storage capacity and are exceptionally sited with large ...

The following section describes how the Commonwealth will use the new technology of Energy Storage and summarizes the target for 1000 MegaWatt hours (MWh) of Energy Storage in ...

System operator ISO New England has given the green light for a large, indoor BESS in Boston, Massachusetts, from developer Flatiron Energy.

ESA is strategically advancing its projects with the Sturbridge Power and Carpenter Hill Power battery energy storage initiatives. These projects are in advanced stages ...

Flatiron Energy has received approval from ISO New England for a 300-MW/1,200-MWh battery energy storage system in Boston, ...

The Commonwealth overruled the decisions of its own siting boards and one town"s moratoria on all solar and storage projects, paving ...

The Commonwealth overruled the decisions of its own siting boards and one town"s moratoria on all solar and storage projects, paving the way for the imminent construction of ...

US solar and energy storage development platform ESA Solar Energy on Monday unveiled plans for two battery energy storage projects in Massachusetts with a combined ...

System operator ISO New England has given the green light for a large, indoor BESS in Boston,

Massachusetts, from developer ...

US solar and energy storage development platform ESA Solar Energy on Monday unveiled plans for two battery energy storage projects ...

Located strategically between Springfield and Boston, these projects collectively aim to provide a total of 300 megawatts (MW) of energy storage capacity. This will play a crucial role in ...

Located at sites between Springfield and Boston, Massachusetts, these projects represent a pivotal investment in enhancing regional energy stability and addressing the ...

Flatiron Energy has commenced initial proceedings to construct a 168MW/672MWh BESS at the site of a former coal-fired power plant located in Bristol County, ...

Flatiron Energy has received approval from ISO New England for a 300-MW/1,200-MWh battery energy storage system in Boston, Massachusetts. The authorization includes the ...

Located at sites between Springfield and Boston, Massachusetts, these projects represent a pivotal investment in ...

The following section describes how the Commonwealth will use the new technology of Energy Storage and summarizes the target for 1000 ...
