---

Dubai is doubling down on its clean-energy ambitions. The Mohammed bin Rashid Al Maktoum Solar Park is set to expand dramatically under the seventh phase announced by ...

Clean energy sources are expected to contribute around 34 per cent of Dubai's total power generation capacity over the next five years. DEWA launched the tender for the ...

Dubai plans to build a solar plant with battery storage for uninterrupted power supply, just a month after Abu Dhabi unveiled a similar \$6 billion project, as the United Arab ...

DEWA has ramped up the battery storage capacity for the seventh phase of the Mohammed bin Rashid Al Maktoum Solar Park, the world's largest single-site solar project ...

In a remarkable advancement for renewable energy, the United Arab Emirates, under the auspices of His Highness Sheikh Mohamed bin Zayed Al Nahyan, President of the ...

It has invited qualified companies and consortiums to submit proposals for the seventh phase of the solar park, which will add 2,000MW from photovoltaic (PV) solar panels and include a ...

On its completion, the project will have the largest thermal storage capacity in the world of 15 hours. The 4th Phase will provide clean energy for around 320,000 residences and reduce 1.6 ...

The project, to be developed under Dubai's Independent Power Project (IPP) model, will be built in phases starting in August 2027 and is expected to further solidify the ...

The Dubai Electricity & Water Authority (DEWA) is seeking up to 2GW of solar PV and 1GW of battery energy storage systems (BESS). The project will be located within the ...

This initiative, representing the seventh phase of the Mohammed Bin Rashid Al Maktoum Solar Park, aims to significantly bolster Dubai's renewable energy capacity. DEWA ...
