Revterra exists to support your energy challenges. Our modular, grid-stabilizing kinetic battery can be configured for both high-power and long-duration applications.

In short, the VYCON technology is a vital, first step toward achieving clean, reliable and sustainable energy efficiency. At VYCON, we discover, ...

Our flywheel storage can be installed inside an electric bus or electric truck to improve energy consumption efficiency. It can also be used without any ...

Durable Steel Inertia Flywheel for Stirling Engines, Balance Bikes & Gyroscopes - 100mm/120mm Diameter, 5/6/8mm Bore, Full-Baked Paint Finish, Energy Storage Wheel (Inner Hole 6mm)

With the ability to perform more than 175,000 full depth charge and discharge cycles, Beacon flywheels can outperform and outlast other storage technologies in high-cycle applications, ...

Whether you're interested in implementing Revterra's kinetic battery solution, partnering with us or just want a little more information, we want to hear from you. Fill out the form below and we'll ...

Amber Kinetics flywheels provide firm power from intermittent renewable energy to meet industry and community requirements. As dispatchable generators, our flywheels absorb excess, ...

POWERTHRU designs and manufactures and markets advanced flywheel energy storage systems that provide ride-through power and voltage ...

A vertically mounted flywheel and generator utilising magnetic bearing technology, the POWERBRIDGE(TM) is available in a number of sizes for different power ratings and ride ...

Flywheel energy storage for sale

Source: <https://www.angulate.co.za/Mon-02-Oct-2017-4662.html>

Website: <https://www.angulate.co.za>

Advanced flywheel technology Revterra's system stores energy through a spinning rotor, converting electric energy into kinetic energy and back when needed. Using magnetic ...

Our flywheel energy storage device is built to meet the needs of utility grid operators and C& I buildings. Torus Spin, our flywheel battery, stores energy kinetically. In doing so, it avoids ...

Our industrial-scale modules provide 2 MW of power and can store up to 100 kWh of energy each, and can be combined to meet a project of any scale. ...
