-----

The Public Utilities Regulatory Commission (PURC) of Grenada is inviting expressions of interest (EOIs) for a renewable energy project at the island nation's main ...

Provide the solar PV and battery storage IPP market with the opportunity to share critical project-related information, such as the estimated project duration and estimated plant space ...

Summary: Grenada's energy storage project bidding offers a groundbreaking opportunity to reshape the Caribbean's renewable energy landscape. This article explores the project's ...

The energy regulator of Grenada is seeking expressions of interest (EOI) for a solar or solar-plus-storage project at the Caribbean ...

To support this project, it seeks to hire an Owner's Engineer (OE) for the construction of a battery energy storage system (BESS) and associated transmission system ...

While other storage projects struggle with the 'valley of death' between pilot and scale-up, Grenada's model achieved profitability within 18 months - a first for developing ...

The project seeks to integrate three solar photovoltaic generating facilities totalling a 15.1MW capacity and a 10.6MW/21.2MWh ...

The Public Utilities Regulatory Commission (PURC) of Grenada is inviting expressions of interest (EOIs) for a renewable energy ...

The project seeks to integrate three solar photovoltaic generating facilities totalling a 15.1MW capacity and a
