Does iStore sell Huawei solar products in Australia?

Under an OEM agreement with Huawei, iStore are now exclusively distributing Huawei residential solar products in Australia. iStore are a wholesaler, not retailer/installer. However, they are a lot more than just a typical solar wholesaler. They are responsible for getting the Huawei products approved by the Clean Energy Council as iStore products.

Are Huawei fusion solar inverters a good choice in Australia?

In a nutshell, the Huawei brand is pretty big in the solar industry. The next generation Huawei FusionSolar residential inverters are an exciting addition to the pool of premium solar products in the Australian market.

Who owns Huawei solar inverter?

Huawei are reportedly owned by their employees, hmmm maybe, but definitely World No.1 solar inverter manufacturer for the past 6 years. Most people know the brand because they are World No.2 behind Samsung in smart phones. Huawei were the first to develop and release a 5G chip and had big hopes of installing the 5G networks in Australia.

Why should you buy a Huawei Solar System?

This feature allows for accurate arc fault detection and is able to initiate inverter shutdown in 0.5 seconds. BETTER YIELD: Apart from that, Huawei offers solar users an optional Smart PV optimiser, which help to improve yield and optimise each module's performance up to 30%.
