---

Let's face it: Iraq's energy grid has been playing a frustrating game of catch-up for decades. With daily blackouts and a reliance on imported electricity, the country is now betting ...

Ideal for Iraq's extreme climate conditions, our systems are fully compatible with top inverter brands and optimized for both on-grid and off-grid hybrid solar systems

Najm Al Taqa delivers trusted solar panels, inverters, batteries, and complete energy systems - helping you reduce energy costs and build a more sustainable future across Iraq. We provide ...

We are a leading provider of solar panel systems, battery inverters, and renewable energy solutions in Iraq, dedicated to helping our customers harness the power of the sun for a ...

We provide ESS solutions for home including lithium-ion batteries with high capacity. High-quality inverters are also provided to convert the DC power ...

This case study features a real installation of a residential solar + battery storage system in Iraq, providing energy security through advanced components: Mono PERC solar ...

Based in Dubai, we are proud to be the exclusive agent for SVOLT lithium batteries in Iraq, as well as an authorized distributor for industry-leading brands such as Long Batteries, Longi and ...

It adopts an integrated design, integrating the solar controller, inverter and lithium battery into one, which is easy to install and suitable for remote areas in Iraq where there is a ...

We provide ESS solutions for home including lithium-ion batteries with high capacity. High-quality inverters are also provided to convert the DC power stored in the battery into AC power.

Introducing the 10kWh/15kWh Lithium Battery + Smart Inverter System, engineered specifically for Iraq's harsh climate and energy needs. This all-in-one solution ...

This 14.33kWh LiFePO4 battery Iraq installation features a 51.2V 280Ah SWA unit paired with a Deye hybrid inverter. A compact, high-performance solar storage solution for ...
