-----

This project aims to contribute to sustainable development in the country by presenting a "long-life model project" for urban development that reduces the environmental impact of the building life ...

With the new capital Nusantara prioritizing renewable microgrids, Jakarta's storage solutions could become Indonesia's blueprint. Emerging trends like vehicle-to-grid integration and ...

A key platform to link Indonesia's growing market with Chinese advanced storage energy will take place in Jakarta on 29 April 2025. aims to strengthen collaboration among key ...

From April 23 to 25, 2025, the Solartech Indonesia 2025 exhibition in Jakarta showcased cutting-edge energy solutions, with EVE Energy making a ...

We sat down with Abdunasser Ibrahim Saif Bin Kalban, CEO of Emirates Global Aluminum (EGA), to discuss the future of Indonesia's aluminum industry and the role EGA will ...

There you have it--a no-BS guide to Jakarta's energy storage revolution. Whether you're here to build, buy, or just geek out over battery tech, one thing's clear: This city isn't just ...

Discover how EVE Energy's groundbreaking Mr. Giant energy storage system and new residential ESS products are revolutionizing Indonesia's solar energy landscape at Solartech Indonesia ...

solutions, with EVE Energy making a remarkable entrance by presenting its ...

This project aims to contribute to sustainable development in the country by presenting a "long-life model project" for urban development that reduces ...

In-depth analysis of the core applications of aluminum alloys in the field of new energy, covering the material selection, processing technology and thermal management ...

Major projects now deploy clusters of 20+ containers creating storage farms with 100+MWh capacity at costs below \$280/kWh. Technological advancements are dramatically improving ...

Discover how EVE Energy's groundbreaking Mr. Giant energy storage system and new residential ESS products are revolutionizing Indonesia's ...

We sat down with Abdunasser Ibrahim Saif Bin Kalban, CEO of Emirates Global Aluminum (EGA), to discuss the future of Indonesia's ...

From peak load management to carbon footprint reduction, Jakarta's factories demonstrate how intelligent energy storage drives operational resilience. As technology advances and costs ...
