Wresearch actively monitors the Republic of Macedonia Portable Power Station Market and publishes its comprehensive annual report, highlighting emerging trends, growth drivers, ...

That's exactly what North Macedonia is aiming for with the Skopje Energy Storage Power Station, a grid-scale battery project that's turning heads across the Balkans.

The power station, with a 300MW system, is claimed to be the largest compressed air energy storage power station in the world, with highest efficiency and lowest unit cost as well. [pdf]

Our project integrates a 60 MW battery energy storage system (BESS) into the Balkans' largest private solar power plant, FEC Novaci. Currently under construction, the facility will be ...

North Macedonia, which has been attracting investments in battery factories, is in talks on a project worth up to EUR 360 million, according to Prime Minister Hristijan Mickoski.

The facility, located at the old coal-fired power plant of Amyntaio, is being constructed by PPC subsidiary PPC Renewables and will have the capacity to feed the ...

From construction sites to solar farms, North Macedonia's energy landscape demands smart, portable solutions. By adopting advanced storage systems, businesses gain operational ...

A new energy law adopted in May 2025 is expected to further accelerate the uptake of battery storage. State-led solar and wind projects, along with investments in grid ...
