An integrated RISC-V coprocessor can run software-defined peripherals and handle time-critical tasks. With innovative technologies emerging - like Channel Sounding in Bluetooth 6.0 - ...

LZY mobile solar systems integrate foldable, high-efficiency panels into standard shipping containers to generate electricity through rapid deployment generating 20-200 kWp solar ...

These rugged, self-contained systems integrate large solar arrays, advanced battery storage, and high-capacity fuel cells -- with optional diesel ...

Ideal for temporary power, remote locations, or emergency backup, these all-in-one solutions combine high-efficiency solar generation with integrated storage for rapid deployment in ...

Revolutionary mobile solar energy systems with 40% higher energy density. Deploy in under 6 hours and cut energy costs by up to 70% compared to diesel generators.

Nordic Semiconductor, a global leader in low-power wireless connectivity solutions, today announces the launch of the nRF9151 SMA Development Kit (DK), a ...

Nordic Semiconductor is a global leader in low power wireless connectivity solutions, providing the essential platform and wireless technologies that connect the world's IoT devices.

The mobile solar containers and portable solar chargers are designed with easily foldable solar panels which makes them ideal for remote areas and ...

The interactive online learning platform here to equip developers with the technical information and

Website: <https://www.angulate.co.za>

know-how to build wireless products using Nordic Semiconductor solutions.

The mobile solar containers and portable solar chargers are designed with easily foldable solar panels which makes them ideal for remote areas and versatile applications like mining, ...

Cellular IoT Wi-Fi Bluetooth Low Energy Nordic Product Guide [Click to download PDF](#)

Types of our mobile solar constructions. We offer two types of solar containers that differ in design and power output. Besides our flagship, auto-foldable container, we also offer the manual ...

Nordic Semiconductor, a global leader in low-power wireless connectivity solutions, today launches the nRF54LV10A SoC, setting a new benchmark for integration, performance, ...

In this article, we'll dive into how mobile solar containers work, their top use cases, and why they're one of the smartest off-grid solar solutions available today.

The low power consumption is thanks in part to the ultra-low power characteristics of the nRF54L15 SoC, including Nordic proprietary technologies such as low-leakage RAM and ...

Nordic Semiconductor, a global leader in low-power wireless connectivity solutions, today announces the acquisition of its long-term partner, Memfault Inc., the market-leading cloud ...
