-----

Detailed walk-through of the planning and installation of our 3kW - 5kWH - 120V off-grid solar system that powers a rehabbed shipping container. Use to build your own system ...

In this guide, we'll explore how to harness solar-powered water pumps, filtration, and heating to ensure clean, drinkable water year ...

In this guide, we'll explore how to harness solar-powered water pumps, filtration, and heating to ensure clean, drinkable water year-round --even in remote areas.

Solar-powered water pumps are the best choice for most off-grid homes because they provide a steady water supply without relying on gas or grid electricity. Gravity-fed ...

Among the innovative solutions paving the way forward, solar energy containers stand out as a beacon of off-grid power excellence. In this comprehensive guide, we delve into ...

Planning an off grid container home? Master the IRC codes for solar, rainwater harvesting, and septic systems. Learn how to get permits for independent living.

With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours. Go big with our modular ...

Solar-powered water pumps are the best choice for most off-grid homes because they provide a steady water supply without relying ...

We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed
