The first large-scale battery energy storage system (BESS) in Wisconsin, a 110MW facility known as the Paris Solar-Battery Park, is ...

Wisconsin's first large-scale energy storage project, the Paris Solar-Battery Park in Kenosha County, is now providing power to the grid. It's comprised of around 12,000 lithium-ion...

According to a release, the "Paris Solar-Battery Park" is now online and is helping to power the energy grid in Kenosha County. The 110-megawatt battery portion of the park went online this...

The first large-scale battery energy storage system (BESS) in the US state of Wisconsin, the 110MW Paris Solar-Battery Park, has come online. The BESS is paired with ...

The 110-megawatt (MW) battery portion of the Paris Solar-Battery Park went online this month, while the 200-MW solar portion of the project went into service in December.

The first large-scale battery energy storage system (BESS) in Wisconsin, a 110MW facility known as the Paris Solar-Battery Park, is now operational. This system is paired with ...

The first large-scale battery energy storage system (BESS) in the US state of Wisconsin, the 110MW Paris Solar-Battery Park, has ...

Wisconsin's first large-scale energy storage project, the Paris Solar-Battery Park in Kenosha County, is now providing power to the grid. It's comprised of around 12,000 lithium ...

The state's first large utility-scale battery storage project came online in southeastern Wisconsin in June 2025 at the Paris Solar-Battery Park in Kenosha County.

The state's first large utility-scale battery storage project came online in southeastern Wisconsin in June 2025 at the Paris Solar-Battery ...

The state's first large-scale energy storage project -- the Paris Solar-Battery Park in Kenosha County -- is now powering the energy grid with "sunshine after sunset."

The 110-megawatt (MW) battery portion of the Paris Solar-Battery Park went online this month, while the 200-MW solar portion of ...

While tourists joked about athletes needing portable generators, France's energy sector was already sprinting toward a solution: large-scale energy storage power plants.

WISCONSIN -- The state's first large-scale energy storage project is now up and running. We Energies announced on Tuesday that the Paris Solar-Battery Park in Kenosha ...
