-----

The Philippine Department of Energy (DOE) has cleared 21 battery energy storage system (BESS) projects for system impact studies (SIS) with the National Grid Corporation of ...

The Philippines is betting on battery energy storage systems (BESS) to achieve its ambitious renewable energy (RE) targets and build ...

The power generation arm of the Philippines' largest private electric distribution provider, Manila Electric Company (Meralco), is ...

These include 14 new projects and three amendments, featuring technologies such as wind, solar, hydro, geothermal, and battery energy storage systems (BESS). Of the 17 ...

The power generation arm of the Philippines' largest private electric distribution provider, Manila Electric Company (Meralco), is developing its second large-scale battery ...

Nearly 5 GWh of new battery energy storage systems (BESS) will be deployed through hybrid solar-plus-storage projects, signaling the emergence of storage as a core ...

EcoSolar Energy Corporation (ESEC), a subsidiary of PetroGreen Energy Corporation (PGEC), has achieved a major milestone for a key battery energy storage system ...

President Ferdinand R. Marcos Jr. on Thursday led the groundbreaking of the "Meralco Terra Solar Project," considered as the largest integrated solar and battery storage ...

President of the Philippines Ferdinand R. Marcos Jr. on Monday led the ceremonial commissioning of the
