The European Commission has earmarked EUR2.1 million under the Connecting Europe Facility (CEF) for Energy to assess adding a battery energy storage system (up to 80 ...

Echogen Power Systems and Westinghouse Electric Company have signed a Memorandum of Understanding with state-owned hydropower operator Vodohospod&#225;rsk&#225; ...

But did you know Slovakia's capital is now charging ahead (pun intended) with Europe's most ambitious large-scale energy storage project? Let's unpack this energy marvel that's making ...

With renewable energy capacity growing 18% annually since 2020, Slovakia faces a critical challenge: how to balance intermittent solar/wind power with grid stability [1]. Energy storage ...

But hold onto your solar panels: this Central European nation is rolling out one of the most ambitious energy storage project portfolios for 2025, aiming to become a regional ...

European Commission funding is supporting a project to integrate battery storage at a pumped hydro energy storage (PHES) plant ...

Integrating together a pumped-storage hydroelectric power plant and a modern battery storage represents a unique power-engineering project for increasing flexibility and ...

Echogen, a pioneer in supercritical carbon dioxide (sCO<sub>2</sub>)-based PTES technology, is collaborating with Westinghouse to deploy ...

Echogen Power Systems and Westinghouse Electric Company have signed a Memorandum of Understanding with state-owned ...

With a grant of more than EUR2.1 million, the project is carrying out studies to prepare the way for the modernisation and hybridisation of the Cierny V&#225;h pumped hydro energy ...

The planned facility in Slovakia will be the first of its kind in Europe, providing gigawatt-hour-scale energy storage capacity. It will store surplus electricity generated by ...

Integrating together a pumped-storage hydroelectric power plant and a modern battery storage represents a unique power ...

Echogen, a pioneer in supercritical carbon dioxide (sCO<sub>2</sub>)-based PTES technology, is collaborating with Westinghouse to deploy long duration energy storage (LDES) solutions ...

European Commission funding is supporting a project to integrate battery storage at a pumped hydro energy storage (PHES) plant in Slovakia.
