Are solar glass imports a problem in India?

The Directorate General of Trade Remedies (DGTR) found that these imports, which account for 98% of India's solar glass needs, significantly undercut local prices and recommended the duties. What does SAMA say?

Will India impose an anti-dumping duty on solar panels?

India has imposed an anti-dumping duty on solar glass imports from China and Vietnam. While the intention was to protect domestic producers and support Indian manufacturing, developers worry this will escalate solar panel prices, impacting financial viability and project timelines.

Does solar glass duty cause supply constraints?

Why do IPPs have to pay anti-dumping duty on solar glass?

In this case, IPPs may invoke this clause to recover the additional costs caused by the anti-dumping duty on solar glass, as it was an unforeseen regulatory change. This would allow them to pass on the increased costs to buyers or adjust tariffs, ensuring the financial viability of their solar power projects.
