South Africa's DMRE has launched the third bid round under the BESIPPPP, calling for five battery energy storage system (BESS) projects totaling 616MW/2,464MWh.

As a flagship project in South Africa's renewable energy market, its completion will help optimize the national energy structure, enhance grid stability, and serve as a benchmark ...

Developed by Globeleq, which is 30% owned by Norfund, in partnership with African Rainbow Energy, the 153 MW/612 MWh project was signed off in June 2025 in Cape Town. It ...

Eight projects under the second round of South Africa's battery energy storage independent power producer (Besippp) programme have been awarded, with Mulilo awarded ...

Building on the experience garnered from the hybrid solar and battery storage projects at Kenhardt, and the ongoing construction of ...

The project was awarded preferred bidder in 2024 under the South African Government's battery energy storage independent power producer programme. Red Sands BESS will enhance grid ...

Under a 15-year Power Purchase Agreement (PPA) with Eskom, the Oasis projects will leverage advanced battery storage technology to store energy during off-peak ...

Independent power producer (IPP) Globeleq and investment platform African Rainbow Energy have reached commercial close on the ...

Independent power producers (IPPs) Mulilo and Scatec have been named as preferred bidders to develop 616

MW/2 464 MWh of new battery storage capacity at a cost of ...

Under a 15-year Power Purchase Agreement (PPA) with Eskom, the Oasis projects will leverage advanced battery storage ...

Independent power producers (IPPs) Mulilo and Scatec have been named as preferred bidders to develop 616 MW/2 464 MWh of new ...

The project was awarded preferred bidder in 2024 under the South African Government's battery energy storage independent power producer ...

Recently, CALB provided high-performance energy storage cells for Africa's largest standalone energy storage system--the 153MW/612MWh Red Sands Battery Energy ...

As a flagship project in South Africa's renewable energy market, its completion will help optimize the national energy structure, ...

Building on the experience garnered from the hybrid solar and battery storage projects at Kenhardt, and the ongoing construction of Mogobe BESS, Scatec continues to ...

Eight projects under the second round of South Africa's battery energy storage independent power producer (Besipp) ...
