Robust and relocatable, each solar container contains up to 168/336 solar modules, typically mounted on racks between Carbon steel. This system is optimized for the most common 500- ...

The Bluesun 40-foot BESS Container is a powerful energy storage solution featuring battery status monitoring, event logging, dynamic balancing, and ...

Solar energy containers encapsulate cutting-edge technology designed to capture and convert sunlight into usable electricity, particularly in remote or off-grid locations. ...

The Bluesun 40-foot BESS Container is a powerful energy storage solution featuring battery status monitoring, event logging, dynamic balancing, and advanced protection systems. It also ...

The Hacon Solar Container is an advanced energy solution designed to deliver clean, reliable, and location-independent power. By integrating high-performance solar panels directly into the ...

This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or ...

Get detailed specs and pricing for Sunmaygo's solar containers. Compare models, battery options, and calculate ROI. Find the best mobile solar power system for your needs.

With a factory-installed solar array, internal smart battery storage, and plug-and-play deployment design, this unit simplifies access to renewable energy -- anywhere power is needed.

This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations.

The SolarContainer is highly configurable, with the ability to seamlessly adjust the solar, battery, and inverter capacities to optimally serve your energy loads.

Designed for Plug and play operations, the ZSC range of mobile solar power is easy to setup and commission. The compact container is easy to transport and is a low maintenance asset on site.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.
